The admission in M.Tech programme was restricted to GATE qualified candidates only who got seats through CCMT 2016. He further informed the house that 39 candidates were admitted in Ph.D programme in January 2016 and the maximum limit of guiding scholars by a particular supervisor might be relaxed in case of supervisors of exceptional competence. It was also informed that around 30 Ph.D scholars would be awarded Ph.D degree in the ensuing 9th Convocation of the Institute. He also referred to the good campus placement of this Institute this year. Presently placement week is being observed in the Institute. Apart from this Prof. Mugeraya mentioned that a good number of subject experts visited this Institute during the last one year particularly at the time of Oral Examination of Ph.D scholars and the Institute was enriched in a big way from their academic ideas, interactions with students, scholars and faculties. Prof. Mugeraya requested all the Heads of the Departments to identify 3 (three) best areas of their individual department on which they could be working for the next 5(five) years. The performance of this Institute was reviewed by an external team and their report was very good. This Institute provided Vocational Training to 40 rural students of the adjoining area of NIT Agartala. This Institute was paying scholarship to 10 (ten) ITI students and proposed to increase this attempt further in the years to come. He also informed the house that recently fund flow from the Govt. of India was slowed down and the Institute resource generation was also reduced. In spite of this, all the previously started projects were either completed or would be completed soon.
