

14th National Seminar on Ancient Indian Science and Technology

November 17, 2025, Monday (Hybrid Seminar)

Jointly Organized by:

National Institute of Technology Agartala (NIT Agartala)
Bharatiya Paramparik Gyan Vigyan Samaj (BPGVS)

Theme of the Seminar

One of the world's oldest and most enduring civilizations, the Indian civilization has nurtured a profound tradition of science, technology, and knowledge. From astronomy to mathematics, metallurgy to medicine, ancient Indian scholars developed theories and techniques that laid the foundation for many modern scientific principles. While some of these remarkable contributions have been recognized globally, many still remain unexplored or underappreciated.

The purpose of this seminar is to highlight and rediscover the vast body of innovations and discoveries in Science, Technology, Engineering, Management, and Mathematics (STEM) that flourished in ancient India.

Registration

Interested participants can join the seminar. Registered participants will receive participation certificates.

Registration Link: <https://forms.gle/X5TbmCh1fKByDd2J9>

No Registration Fees

Chief Speakers

Prof. (Dr.) Debi Prasad Mishra, IIT Kanpur

Dr. Mahesh K, IIT Kharagpur

Committee Members

Patron: Prof. S. K. Parta, Director, NIT Agartala

Chairman: Prof. Debi Prasad Mishra, IIT Kanpur

Organizing Chair: Prof. Rajib Saha

Convener: Dr. Abhik Majumder

Coordinators: Dr. Sadhan Gope, Dr. Sujoy Chakraborty

Important Dates

**Last Date for
Registration**

13th November 2025

Seminar Date

17th November 2025

Dr. Sadhan Gope: +91 9862670880

Dr. Sujoy Chakraborty: +91 9436158004
