

## Message from the Chairman, Alumni Affairs

To the Esteemed Alumni of NIT Agartala,  
As dawn breaks over our campus, its golden glow reminds us of the countless aspirations nurtured within these walls. It is with immense pride and a profound sense of connection that I address you—our cherished alumni—the very heartbeat of NIT Agartala. These corridors still echo with the stories of your journey. The quiet intensity of late-night study sessions, the lively debates that sparked intellectual curiosity, and the laughter shared among friends have become an inseparable part of our institution's legacy. From curious minds solving intricate problems in our labs to visionary leaders transforming industries worldwide, your growth reflects the timeless impact of an NIT Agartala education. Your accomplishments inspire us daily. Whether it's pioneering advancements in Silicon Valley, leading groundbreaking research, or steering global enterprises, your achievements shine as guiding lights for current students and future generations. Your innovations, patents, startups, and leadership roles stand as milestones not just for you but also as inspiration for those following in your footsteps.

When I engage with our students, I often recount your journeys—stories of alumni who once walked these same paths, faced similar challenges, and dared to dream boldly. These narratives fuel their ambitions and remind them of what’s possible. As NIT Agartala evolves, embracing modern technologies and innovative teaching methods, your experiences remain invaluable. The lessons you’ve learned navigating real-world complexities help shape our curriculum, mentor young minds, and fortify the foundation of our institution. Your bond with NIT Agartala transcends time and geography—it’s about creating a legacy that shapes the future of engineering and innovation.

The true measure of any institution lies in the heritage of its alumni. Every award won, every breakthrough achieved, and every positive impact made by an NIT Agartala graduate resonates deeply within our community. Your successes reflect our shared commitment—to fostering technical excellence alongside values, vision, and leadership qualities.

Your transformation from eager students to accomplished professionals inspires us to aim higher, dream bigger, and strive for excellence in everything we do. Together, let’s strengthen the unbreakable bond between alma mater and alumni, elevating NIT Agartala to greater heights of recognition and distinction as one

of the strategic partner of this institute. Let's co-author the next chapter of our story.

With my heartfelt appreciation and expectations of your sustained engagement to your alma mater,

Yours

**(Prof. Richi Prasad Sharma)**
